

 EASY STORAGE

BODY WORN CAMERA

CAMERA

LTE/4G/3G/WIFI LIVE STREAMING

18H CONTINUOUS RECORDING

Key features

- **High quality recording:** Record resolution up to 2688x1512 (1512P).
- **Live streaming:** The camera has the ability to stream in real time via 4G or WiFi connectivity. The operator can also understand the wearer's position by built-in GPS. Alternatively, camera wearer can send an alert back to the control centre with their live video, GPS location details.
- **18-Hour full shift battery life:** 2 replaceable batteries and up to 18-hour working life ensures your camera lasts a whole shift which is critical to ensure recording capability.
- **Record file protection:** Using AES256 encryption technology, the record file in the camera will be safe and protected from unauthorized access.
- **Interphone function:** By pressing the PTT button on the camera, the camera can work like a walkie talkie and talk to other cameras anywhere in the world via 4G or Wifi connectivity.
- **External camera:** The camera can be connected with an external camera which works in a complete stealth mode.
- **Facial recognition:** The camera can scan and recognize the faces of potentially everyone they see while on patrol.
- **Rugged and waterproof:** With rugged design and IP56 waterproof, the camera stands up to the most extreme environments. The camera can survive from drops & impact . It can also be used in the rain, dust and extreme temperatures.

MODEL NO.	BC102 / BC102G4
Video resolution & frame rate	25fps@(2688×1512)/30fps@(2560×1440)/ 30fps@(2304×1296)/30fps@(1920×1080)
Video format	MP4
Angle of view	105 degrees (HOV)
Storage capacity	Standard 32GB storage. Upgradable to 256GB storage
Night vision	Up to 7 meters with visible face detection
Options	4G/LTE, GPS, WiFi, bluetooth, external camera, facial recognition, plate number recognition, voice control, G-Sensor, voice broadcast
Pre&Post recording	Pre-event recording: 10s, On/Off configurable Post-event recording: Configurable
Encryption	AES256 encryption
Battery life	18 hours of continuous recording @1920x1080 (two batteries)
Charge time	1A power adaptor, 4 hours charging
IP rating	IP56
Operating temperature	-30 ~ +55
Size	3.48" x 2.32" x 1.35" (88.4mm x 59mm x 34.3mm)
Weight	7.13oz (202g)

STANDARD KIT
